Dear Ladies and Gentlemen,

on behalf of the Department of Neurosurgery, University Hospital Pilsen, I am pleased to invite you to the Annual Congress of the Czech Neurosurgical Society and the Czech Medical Association of J. E. Purkyně, which will be held on 4–6 November 2026 at the Parkhotel Congress Center Plzeň.

This congress will take place as a Joint Meeting with the German Society of Neurosurgery and the Croatian Neurosurgical Society. It is a great honour for us to host this congress within the framework of international cooperation, combined with the exchange of professional experience.

The scientific programme will cover the core fields of neurosurgery, including neuro-oncology, vascular neurosurgery, neurotraumatology, pediatric neurosurgery, spinal surgery, and varia, and will reflect current trends in modern neurosurgery.

The congress will also include a nursing section and a poster section.

The congress will be complemented by a separate Social Programme. Details are available on the Congress website.

The congress will be preceded, on November 2 – 3 in Pilsen, by a separate microvascular workshop focused on experimental bypass surgery. Invited experts will include Fady Charbel (Chicago) and David Langer (New York). We warmly invite young physicians from all three participating societies to attend this event.

The congress will be held under the auspices of the Governor of the Pilsen Region, Kamal Farhan, the Director of University Hospital Pilsen, Assoc. Prof. Václav Šimánek, MD, PhD, and the Dean of the Faculty of Medicine in Pilsen, Charles University, Prof. Milan Štengl, MD, PhD.
